

Lost.

Lost and alone in a world
where everyone turns
around,
And nothing stays the
same, when everyone starts
to fade to grey.

Over the years I tried to be
the person I used to be.
But fear, doubt, and
worries have lead my day.
Now I'm losing sleep and
the ground beneath my
feet.
Please forgive me for being
so weak.
I was selfish and broken
without any love or trust.

I try my best to be a better
man but I'm sitting here
with the bottle in my hand.

Lost and alone in a world
where everyone turns
around,
And nothing stays the
same, when everyone starts
to fade to grey.

Now I stand with my back
against the wall, without
knowing where to go.

I'm begging on my knees,
to find comfort with
myself.
But the clock is ticking, I
sink my head.
It's a circle I can't escape.

Dear Love. (feat. David Reversionists)

I can't explain what's going
on in my mind.
I'm still lying to myself
pretending everything's
alright.
Please be honest when
you say I will stay.
I can't realize what you've
done, my hope is gone.

Left behind with a knife in
my back.

I can't get you out of my
head. I tried, tried so hard.
Pain is a never ending
story.
It makes you feel you can't
go on living.

After some time I found
comfort in my loneliness.

Living without you feels
like hell.
You're not here but I feel
your warmth.
Darling, always remember,
I'll be there for you.

You said it will be the
same, but we both know
it's the end.
It's the fucking end.

Now I'm alone and
everyone carries on.
Everyone carries on.

Living without you feels
like hell.
You're not here but I feel
your warmth.
Darling, always remember,
I'll be there for you.
I'll be there.
I'll be there.

I wish I could live without
you, but I know I can't.

Emptiness.

Now ten years with these
voices in my head.
They tell me I'm a wreck.
I'm a wreck.

I've lost my track.
And I feel this pain.
I feel so hollow.
I'm afraid of what will
follow.
I feel so low and fade so
slow.
I feel so low and fade so
slow.

Wake up in an empty
home.
And try not to feel alone.
I can't deny it anymore.
But this is not the life I'm
living for.

Emptiness is a burden and
it bears my name.
And I try to forget my
past, but I hope every
breath would be my last.
Every night it's the same,
sleepless again.
I sit in the middle of the
room, not knowing what
to do.

I'm lost with all my
questions and how I am
supposed to carry on,
When my purpose in life is
gone?
It's fucking gone.

Emptiness is a burden and
it bears my name.
And I try to forget my
past, but I hope every
breath would be my last.

Every day I fake a new
smile just for family and
friends.
It feels like water in my
lungs and I can't save
myself from drowning.

Stray.

Your hands around my
neck, and It feels like a
rope.
I'm begging for your help,
but you left me with my
thoughts alone
Step by step I try to
escape.
Like a fucking rat, like a
fucking stray.

I'll bite my tongue and
close my eyes.
I'm on my knees with a
focused mind.
I'd pull myself a teeth just
to keep my head quiet.
And I try to stay, but the
truth is: I slowly fade away.
Step by step I try to
escape.
Like a fucking rat, like a
fucking stray.

I'll bite my tongue and
close my eyes.
I'm on my knees with a
focused mind.

Grown Bitter.

Hold me close, don't let me
drown.
Don't leave me here on my
own.
Hold me close, don't let me
drown.

The nights are getting
harder, I try to sleep.
I put my head under the
cold white sheets.
And I pray for anything,
that keeps my thoughts
from spinning.
But if I close my eyes, it's
only you I see in my mind.
And I promise it's the only
time that I feel fine.

I was a broken man,
shattered into pieces
before you came along and
reassembled me.

Hold me close, don't let me
drown.
Don't leave me here on my
own.
Hold me close, don't let me
drown.

You gave me the strength
to carry on, not to face this
all alone.
You took my hand and
brought me home, you
promised me I'm never
alone.
You built a shelter for my
soul, that has grown bitter
so long ago.
But when I'm with you it's
the only time that I feel
fine.

I was a broken man,
shattered into pieces
before you came along and
reassembled me.

Hold me close, don't let me
drown.
Don't leave me here on my
own.
Hold me close, don't let me
drown.
Don't leave me here on my
own.
